The How2Recycle Summit 2025 is the fall event from How2Recycle, exclusive to How2Recycle members. This event brings members and participants together to discuss the data driven future of on-pack labeling instruction, while taking a deep dive into what goes into assigning a label, and how collaboration and partnerships can drive solutions to improve the recycling system.

**SPC Advance
Scholarship
Program**

The SPC Events Scholarship Program aims to immerse college students, who identify as part of a minority group, by creating opportunities for students to attend our SPC events with over 600+ sustainable packaging professionals. The program will provide opportunities for networking, enabling students to connect with industry professionals, thought leaders, and peers who share a commitment to sustainability. Students will be able to explore how their unique skills and perspectives can contribute to the evolving challenges of the packaging sector. This program not only seeks to empower underrepresented students but also enrich the packaging community as a whole, encouraging innovation and collaboration.

Event Sponsors will have the opportunity to add on a Scholarship to their Event Sponsorship Package.
